2012-13 Season was quiet season for the competitions committee. As we adopted many changes in the previous two year this year was a year of implementation and observation.

A new computer was purchased for use at meets for the Meet manager.

The competitions calendar was evenly distributed this season and seemed to work for skaters, clubs and officials. Allowing adequate down time between meets.

### **2013-14 tasks**

- Approve the competitions calendar
- Update the Competitions Kit
- Discuss the use of a smaller track for the younger kids
- Discuss the possibility of introducing a "Sport Class Jr" for ages 14-18
