

HAMPTON SPEED SKATING CLUB 2016-17 ANNUAL REPORT

The 2016-17 season for the Hampton Speed Skating Club was stable. The skater registration numbers remained unchanged from previous years. We have successfully engaged some of our competitive skaters' parents to become actively involved with the club.

Thank you to Peter Steele & Hannah Duguay and their team of coaches for a very successful and enjoyable season. We held an in house FUN meet at the end of the season that was very successful and our learn to skate skaters enjoyed the event. We also had a very successful low fee drop-in program that three neighboring clubs took advantage of.

We held our annual speed skating meet in January. Unfortunately the numbers were once again low. Hopefully these numbers will improve in the upcoming season.

The financial outlook for the Hampton Club is stable and we were able to meet all of our financial obligations. We purchased additional board pads thereby increasing the safety for our skaters.

I want to thank our coaches & parents for a great season!

Thanks so much

Nicky Scott

HSSC President 2016-17
