

Competitions Report 2017-2018 season

The helmet cover system that was implemented as a trial the end of 2016 season was used consistently this year at meets with success and will remain in place.

New Brunswick hosted 6 meets this past season with Restigouche being back on the competition calendar. Skaters also supported meets in Nova Scotia and PEI.

4 Clubs have submitted meet date requests for the 2018-2019 season. As requested there are no conflicts. Restigouche Comets will host the Canada East Competition, Caraquet Club has not submitted and the calendar is awaiting Hampton's request.

The calendar (awaiting final approval) is as follows:

NOVA SCOTIA	OCTOBER 27- 28 2018
HAROLD JOYCE COMPETITON (FASCI)	NOVEMBER 23 and 24 2018 (CANADA GAMES TRIALS/ Pending vote)
CHARLES GORMAN (SJSSC)	DECEMBER 8-9 2018
SAINT CROIX BLADES	JANUARY 12- 13 2019
ATLANTIC CUP /CODIAC CYCLONES	FEBRUARY 2- 3 2019
CANADA EAST/ RESTIGOUCHE COMETS	MARCH 30-31 2019

There are no conflicts at this time, PEI have also been in communication and have not picked meet dates due to arena approval. NFLD is also been given a list of our meet dates. Once Hampton has chosen a date I would recommend and the final approval. I recommend we follow the pattern of every second meet for our officials and volunteers and that we alternate the big ice small ice meets for athlete development. Discussion for the 2019-2020 season should take place early in the season.

The Harold Joyce meet may also serve as the CANADA GAMES TRIALS if so approved.

I look forward to a great competitive season

Respectfully submitted,

SARAH GROOM
