

## HAMPTON SPEED SKATING CLUB 2017-18 ANNUAL REPORT

The 2017-18 season for the Hampton Speed Skating Club brought growth to the club both in registration numbers and volunteers. The learn to skate programs continues to grow in the community as a quality program. We continue to engage our competitive speed skaters to mentor and coach the learn to skate skaters. This partnership has benefits for all involved.

Thank you to Peter Steele, Tyler Magee and Tatum Buckley and their team of coaches and mentors for a very successful and enjoyable season.

We held an in-house FUN meet at the end of the season that was very successful and our Learn to Skate skaters enjoyed the event. We also had a very successful low fee drop-in program that three neighboring clubs took advantage of.

We held our annual speed skating meet in March. It was a successful meet for the number of registered skaters and the weather cooperated. The meet drew a large number of new to competition skaters.

The financial outlook for the Hampton Club is stable and we were able to meet all of our financial obligations.

I want to thank our coaches & parents for a great season!

Thanks so much

Nicky Scott

HSSC President
