

Dear SSNB Board Members,

2024/25 was a great season for the Hampton Speed Skating Club. Our numbers were consistent with the previous season. We had more skaters interested in attending meets. We are very proud to say that Hampton was represented by 3 skaters: Violet Williams, Lucy White, and Evan Munro at the Canada Youth Short Track Championships East in Dieppe.

We enjoyed an in-house Mini Meet in March put on by our coaches Peter, Miriam, Tyler and Reese. We owe a big thank you to our coaches for the time and effort they put into training our skaters. A special thank you to Reese for continuing to be part of our club coaching our Group 5 Learn to Skate group. We have a very successful drop-in program with our friends at SJASSC. It has been great for our skaters to have more peers to train with.

We held our annual meet in February. The final meet in the Hampton Community Centre. We were very pleased with the registration numbers. The day was an all-around success and, as you are well aware, could not be done without the generous help from all of the volunteers.

Financially, we are in a very stable position. We were able to purchase some new board pads with the assistance from the "Help the Cops Help the Kids" organization. We are very thankful for the funds they provided.

A big thank you to our coaches, parents and skaters for a very successful season.

We are looking forward to another great year in our new arena, The Summit Centre,

Joel McConchie

HSSC President
